verdeckten widerstand gab und gibt es nicht nur in vordemokratischen und autoritär geführten gesellschaften sondern auch in vielen bereichen gegenwärtiger demokratien die vielfältigen formen der verborgenen auflehnung gegenwehr und dissidenz sagen diagnostisch viel über demokratische gesellschaften und ihre misstände aus wie die empirischen und theoretischen beiträge dieses bandes zeigen was ist an demokratien falsch wenn sich widerstand in weiten gesellschaftlichen bereichen nur im verborgenen zu äußern vermag was ist am widerstand und seinen begründungsmustern problematisch wenn sie sich der öffentlichen artikulation entziehen diese beiden fragen umschreiben das breite spektrum der beiträge aus unterschiedlichen sozial und geisteswissenschaftlichen disziplinen unter den autor innen befinden sich unter anderem friederike bahl ketevan gurchiani axel honneth jennet kirkpatrick martin saar william e scheuerman james c scott und peter wagner

die gesellschaft wird durch drei krisen erschüttert die klimakrise die demokratiekrise und die corona krise es bilden sich risse in denen verdrängtes und neues aufbricht furcht breitet sich aus angesichts des verlustes des herkömmlichen aber auch die faszination für neues greift um sich wo sind dabei die christ innen laufen sie gefahr zu versäumen in dieser situation etwas neues zu wagen mutlosigkeit breitet sich unter ihnen aus sie scheinen sich vor ihrer eigenen hoffnung zu fürchten jürgen manemann plädiert hoffen auf auferstehung heißt aufstehen für eine neue welt christ innen fällt daher heute die aufgabe zu teil einer revolution für das leben zu werden

a fascinating look at the disconnect between corporate policies and workers real lives and the everyday heroes who try to help publishers weekly for the poor there are challenges every day that they don t have extra money to solve a sick kid car trouble an unexpected dentist bill the obstacles can make it harder to hold on to a job but a job loss would be catastrophic however there are

countless unsung heroes who bend or break the rules to help those millions of americans with impossible schedules paychecks and lives make it from paycheck to paycheck this book tells their stories whether it s a nurse choosing to treat an uninsured child a supervisor deciding to overlook infractions or a restaurant manager sneaking food to a worker s children middle class americans are secretly refusing to be complicit in a fundamentally unfair system that puts a decent life beyond the reach of the working poor in this tale of a kind of economic disobedience told in whispers to lisa dodson over the course of eight years of research across the country hundreds of supervisors teachers and health care professionals describe intentional acts of defiance that together tell the story of a quiet revolt of a moral underground that has grown in response to an immoral economy it documents a whole new phenomenon people reaching across america s economic fault line and provides an account of the human consequences and lives behind the business page headlines if only this book had been published in 2007 then the hundreds of people interviewed by lisa dodson would have been able to pass along an important piece of advice what s good for business is not necessarily good for america time

die theorie der gerechtigkeit gehört zu den am intensivsten bestellten feldern der zeitgenössischen philosophie allerdings haben die meisten gerechtigkeitstheorien ihr hohes begründungsniveau nur um den preis eines schweren defizits erreicht denn mit ihrer fixierung auf rein normative abstrakte prinzipien geraten sie in beträchtliche distanz zu jener sphäre die ihr anwendungsbereich ist der gesellschaftlichen wirklichkeit axel honneth schlägt einen anderen weg ein und gewinnt die heute maßgeblichen kriterien sozialer gerechtigkeit direkt aus jenen normativen ansprüchen die sich innerhalb der westlichen liberaldemokratischen gesellschaften herausgebildet haben zusammen machen sie das aus was er demokratische sittlichkeit nennt ein system nicht nur rechtlich verankerter sondern auch institutionell eingespielter handlungsnormen die moralische legitimität besitzen zur begründung dieses weitreichenden

unterfangens weist honneth zunächst nach daß alle wesentlichen handlungssphären westlicher gesellschaften ein merkmäl teilen sie haben den anspruch einen jeweils besonderen aspekt von individueller freiheit zu verwirklichen im geiste von hegels rechtsphilosophie und unter anerkennungstheoretischen vorzeichen zeigt das zentrale kapitel wie in konkreten gesellschaftlichen bereichen in persönlichen beziehungen im marktvermittelten wirtschaftshandeln und in der politischen öffentlichkeit die prinzipien individueller freiheit generiert werden die die richtschnur für gerechtigkeit bilden das ziel des buches ist ein höchst anspruchsvolles die gerechtigkeitstheorie als gesellschaftsanalyse neu zu begründen

first published in 1980 street level bureaucracy received critical acclaim for its insightful study of how public service workers in effect function as policy decision makers as they wield their considerable discretion in the day to day implementation of public programs three decades later the need to bolster the availability and effectiveness of healthcare social services education and law enforcement is as urgent as ever in this thirtieth anniversary expanded edition michael lipsky revisits the territory he mapped out in the first edition to reflect on significant policy developments over the last several decades despite the difficulties of managing these front line workers he shows how street level bureaucracies can be and regularly are brought into line with public purposes street level bureaucrats from teachers and police officers to social workers and legal aid lawyers interact directly with the public and so represent the frontlines of government policy in street level bureaucracy lipsky argues that these relatively low level public service employees labor under huge caseloads ambiguous agency goals and inadequate resources when combined with substantial discretionary authority and the requirement to interpret policy on a case by case basis the difference between government policy in theory and policy in practice can be substantial and troubling the core dilemma of street level bureaucrats is that they are supposed to help people or make decisions about

them on the basis of individual cases yet the structure of their jobs makes this impossible instead they are forced to adopt practices such as rationing resources screening applicants for qualities their organizations favor rubberstamping applications and routinizing client interactions by imposing the uniformities of mass processing on situations requiring human responsiveness occasionally such strategies work out in favor of the client but the cumulative effect of street level decisions made on the basis of routines and simplifications about clients can reroute the intended direction of policy undermining citizens expectations of evenhanded treatment this seminal award winning study tells a cautionary tale of how decisions made by overburdened workers translate into ad hoc policy adaptations that impact peoples lives and life opportunities lipsky maintains however that these problems are not insurmountable over the years public managers have developed ways to bring street level performance more in line with agency goals this expanded edition of street level bureaucracy underscores that despite its challenging nature street level work can be made to conform to higher expectations of public service
